

Elite Gaming

→ PROJECT SCOPE AND WEBSITE/APP SPECIFICATIONS

◆ INTRODUCTION

- This is a blog gaming website themed around the game SMITE, APEX and FORTNITE that informs players game updates, minimum requirements for gameplay on different consoles (PlayStation, Xbox, PC) and information around battle passes and so on.

◆ PURPOSE

- There has been a lot of confusion around players of these games and so this website's purpose is to make it easy for players to be informed on current updates to ensure a smooth experience with gameplay
